The scholarship is paid over 4 years ($5,000 each year) to the student from each region with the highest Early Conditional Admission Average. New students coming directly from high school who apply for admission to the Fall semester by March 15 are automatically eligible.

STUDENT LOANS

In Saskatchewan, students who apply for Student Loans are automatically considered for three forms of financial assistance. In addition to student loans, you will also be automatically considered for grants, bursaries, and the Saskatchewan Advantage Scholarship from both the Government of Canada and the Government of Saskatchewan. That is money for school that students won't need to ever pay back! Fall applications for student loans will be available online in June at www.canlearn.ca. You can also visit their website now and try out the Student Financial Assistance Estimator and find out based on your financial situation how much funding you may be eligible for to attend University.
