Lynn Lyons will be presenting the following webinar to parents:

Managing Emotional Health During Uncertain Times
April 20th
7:00-8:00 pm

As we navigate a year like no other, adults need strategies for instilling the skills children and adolescents need to confront and reduce the negative impacts of anxiety, stress, and depression both at school and home. Lynn Lyons will refer to situations particular to the ongoing pandemic and its aftermath, but recommended measures will be relevant far beyond this timeframe and singular content.

We will send the link to the online event as soon as it is shared with us.

Lynn Lyons is a psychotherapist, author & speaker. She specializes in the treatment of anxiety disorders in adults and children.

Medal presentations took place in each homeroom cohort.

REMINDERS:

COVID-19—

"With the increase of COVID-19 variants of concern in our province, it's more important than ever that we don't let our guard down. And keep following public health advice:"

-Wash your hands.
-Wear a mask in public spaces.
-Physically distance.
-Keep your household bubble small.
-Stay home if you feel unwell and call 811 for further direction.

the above information was taken from SHA Facebook page

MASKING INFORMATION:

In an ongoing effort to ensure the safety of students and staff during the pandemic, the Ministry of Education has purchased medical grade masks for students and staff.

These new masks are not meant to eliminate the cloth masks staff or students are presently wearing. They can continue to wear their own cloth masks if they choose. The use of the new masks each school will receive is optional.

The Chinook School Division Mask Protocol implemented on November 30, 2020 remains in effect:

PRE-KINDERGARTEN - GRADE 12 STUDENTS: Masks are required at all times on buses and in schools, including in class (except while consuming food/beverage).

MASK BREAKS: Teachers may offer mask breaks in class, when all students are working independently at their desks.

PHYSICAL EDUCATION: Masks are required, except while engaging in aquatic activities. Lower impact activities will be selected to minimize risks.

PERFORMING ARTS: The Government of Saskatchewan's current Performing Arts Guidelines will be followed.

OUTDOORS: Masks are not required in outdoor spaces. Distancing and class/group cohorting is encouraged. Masks are recommended when distancing is not possible.

ALL SCHOOL STAFF: Masks are required at all times in schools, in Chinook buildings and on buses, unless individuals are working independently in a separate space.

VISITORS, PARENTS & CAREGIVERS: Masks are required at all times. All visitors will be screened. Only essential, scheduled visits are encouraged.

For more information on masking visit the Saskatchewan Health Authority and the Government of Canada websites.
