

Cabri School Awards 2021

(Grades 6-12)

Dear students and families,

This is the time of year when we typically get together with students, parents, community members and staff to celebrate the outstanding work done by so many students in middle years and high school. Unfortunately we cannot get together again this year, but it is very important to honour the hard work and dedication of our students. Staff met to discuss and make decisions and then they wrote a little description for each award winner so you would know what helped them to stand out and earn these awards.

As we always recognize at our in-person Awards Ceremonies, for each student earning an award, there are many students who work incredibly hard every day and are achieving their own personal excellence. Congratulations to all students who came to school every day, worked hard to learn, were respectful of their classmates and teachers and are people whom their families, friends and teachers are very proud of. We are lucky to have a large group of such wonderful students at Cabri School.

This was an especially challenging year, where we wore masks all day long, had to stay in cohorts and were regularly sanitizing to keep us all healthy. We missed being able to see each other's faces and getting together as a whole school, but we feel very fortunate to have been able to go this whole school year in person.

Thank you to all the parents who have supported us during our school year. We appreciate everything you've done to make this year of school a success.

Thank you to all of the scholarship sponsors for generously donating money to a graduating senior who applies for the scholarship, is going on to post-secondary school and meets the criteria for the scholarship. Thank you to Innovation Credit Union for once again sponsoring the annual School Spirit Award (with a \$500 cash award) to a graduating senior who is a major contributor to the school community and who demonstrates enthusiasm for life and the people around them. And thank you to all of the award sponsors who donated the money for the plaque that is presented every year to hard working students. We appreciate everyone's generous support of Cabri School students!

Congratulations to all the award winners! We announced the winners within our cohort groups and then took pictures of all the winners to post them on our school website, Facebook and Instagram pages, so you can see them. It's not as good as being at our traditional Awards Night, but hopefully we'll be able to resume the tradition next year. Please note that due to programming offered at school this year, some awards have not been given out but watch for them again in the future.

Congratulations to all our graduates! We will miss you next year and we wish you the very best on the next part of your journey.

We hope everyone has a wonderful summer and we look forward to being back in September.

From all the staff of Cabri School

Now, to the awards...
