NEW CITY SCHOOLS TRANSPORTATION PROCESS

Welcome to e-Link

We have implemented a new browser-based program that provides you with access to your bus route information online. This will eliminate the need to mail out letters as we have done in the past. This new software system allows you to locate your bus stop, see the time of pick up and drop off, the bus number and symbol. Please be aware that this option is only available to routes within the city. If you use a rural bus, your driver will contact you for pick up and drop off times in August as in previous years.

To access this information, you will require your child's **Student I.D. number**. This number can be found on the **report card as the SL Number** circled in the sample below. It is also found on the student card picture ID that is handed out at the beginning of the year. Please keep a record of this number as it will be used to access your bussing information going forward. Your **password** will always be the word "**password**" and this will not change. Please use the following link(s) to access all your bussing information.
