

April 1, 2022

Attention GLS families,

We just wanted to make everyone aware of a couple changes in our security policies regarding the doors at Gull Lake School. As always, after the morning bell, all student entrances will be locked and will remain locked for the duration of the day.

Our main entrance for all visitors and guests of Gull Lake School will also now be locked during the day. A doorbell has been installed for you to ring if no one is near to let you in. Once you are granted entrance, the front east door will open for 7 seconds.

We will now require all guests and visitors to sign in and then fill in a guest name tag to clearly state who you are and your reason for entering the building. We have lots of new faces in our building and community and the safety of our students will always be our main priority.

If you have any questions regarding our policies, please contact Mrs. Kirwan at the school (306-672-4186) or by email (akirwan@chinooksd.ca)
